CERTIFICATION

I certify that I have read and examined this application and know the same to be true and correct. I understand that the permit issued is only for construction as stated, and that the occupancy of the structure is not permissible until all requirements are met and a Certificate of Occupancy has been issued by the City of Johns Creek. The permit is granted on the express condition that the said construction shall, in all respects, conform to the ordinances and laws of the City of Johns Creek, Georgia, including the zoning ordinance, regulating the construction and use of buildings, and may be revoked at any time upon violation of any provisions of said ordinances. Construction will begin no later than 180 days from issue date of the permit. All required plans, specifications, contractor state licensure, and business licenses must be submitted with the completed application.
