# Permitting System Upgrade

The Community Development Department will be upgrading to EnerGov, a new & improved permit, plan review, & business management system.

To allow for a successful transition, the department will be **CLOSED to all new business on Nov. 24, 29, and 30.**

## During the transition:

- **NO permit applications will be accepted and/or issued**
  - Inspections & plan reviews **will continue**
- Regular business will resume on Wednesday, Dec. 1

## EnerGov will provide a new & improved system:

- Online application submission with 24/7 access to every aspect of the permitting process
- Project tracking with an online dashboard
- Electronic plan submission & review
- Secure electronic payment
- Scheduling of building and site inspections online
- Contractor registration eliminates need to submit licenses with every application
- Clear instructions for documents / information needed for each permit application

## A Chance to Learn More:

City staff will offer EnerGov training and workshop opportunities in January. Check [www.JohnsCreekGA.gov](http://www.JohnsCreekGA.gov) for updates.
