

## Johns Creek Town Center – Virtual Design Charrette

Monday, March 1<sup>st</sup> – Thursday March 4<sup>th</sup>

### 1. What is a Charrette?

A Charrette is a series of intensive planning and design workshops where we share ideas, concepts, and brainstorm to help translate the community’s input into a vision. We’ll leverage the four-day workshops to offer a continuous urban design studio and sequence of meetings all open to the public. Ideally we’d host these in person, but we’re adhering to COVID-19 safety precautions; so let’s accomplish something REMARKABLE and gather virtually over video conference! Your participation is important to us!

### 2. How can I participate?

Designers and planners will be hard at work in the Urban Design Studio while the Focus Topic Meetings will be hosted on Zoom Video Conference. Live conversation will be limited to the Technical Advisory Committee Members made up of Johns Creek residents, while all other community members will be able to listen and chime in via the **Pigeonhole Live** public engagement portal. See Question 4 on how to use Pigeonhole Live.

See the schedule below for meeting topics, Zoom information, and Pigeonhole Live passcodes.
