

# Barnwell Road at Rivermont Parkway

## Project Current Phase:

### WHERE:

Barnwell Road at Rivermont Parkway

### WHY:

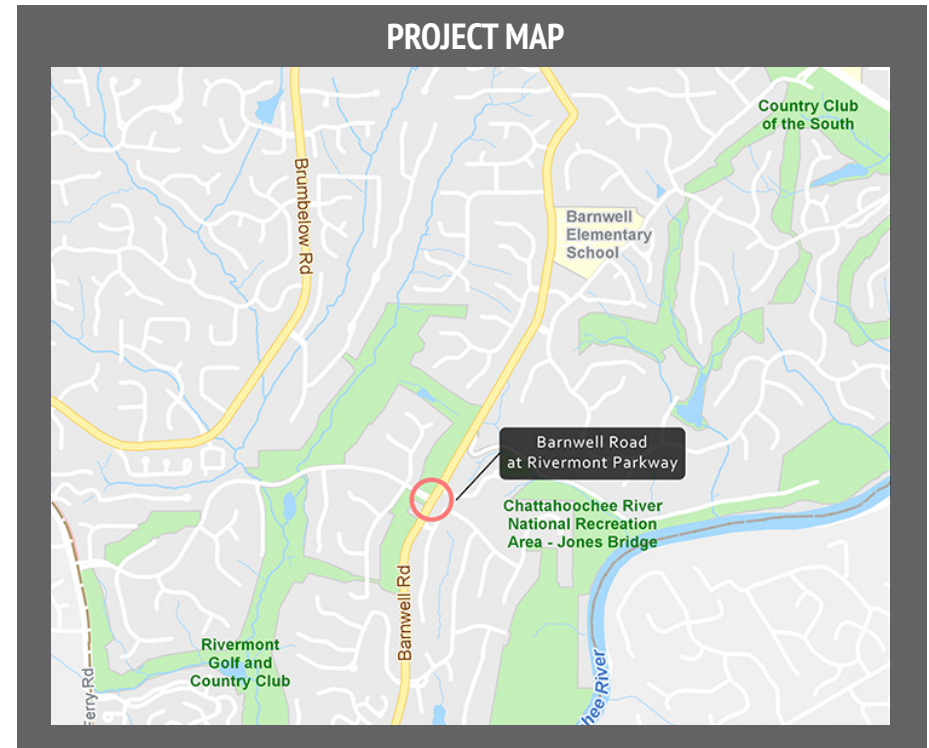

Less congestion, safer and smoother travel

### WHO:

City of Johns Creek, Rivermont Golf Course

### WHEN:

Construction in early 2020

## Current Issues:

- Improve safety and traffic flow through the intersection
- Address poor sight distance
- Maintain collector road status

## Proposed Solution:

- **Installation of roundabout**
  - Drivers must slow down and yield to traffic prior to entering the roundabout
  - Maintains continuous flow of traffic through intersection and reduces the likelihood of accidents
  - Improved visibility for side street drivers with reduced mainline speeds
- Road will remain two lanes, keeping its collector road status
- Project cost: \$153,000 (Engineering)

## Anticipated Results:

- Improved safety and decreased accidents
- Improved operations
