

ROUNDAABOUT

Sargent Road at Crossington Drive

PROJECT OVERVIEW

The project includes converting the intersection into a roundabout and adding sidewalks.

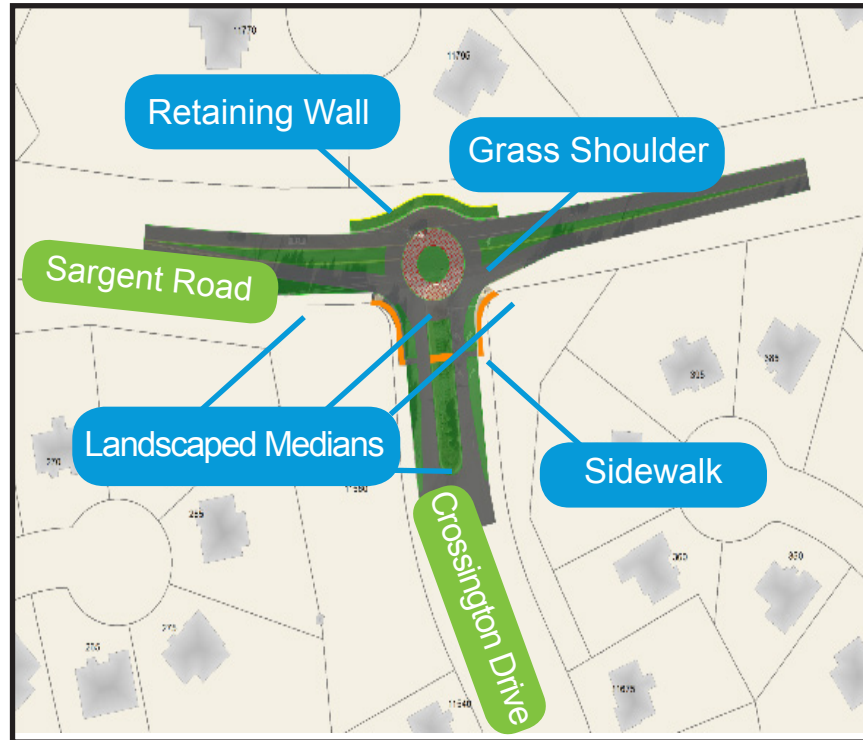

PROJECT TIMELINE

Johns Creek City Council approved the project on August 10, 2015.

Construction is scheduled to begin in September 2015 and scheduled to be completed in late April 2016.

KEY POINTS

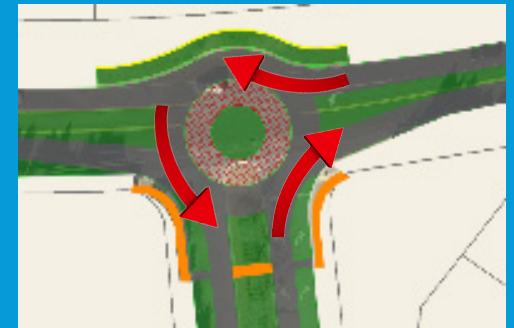

- Improves safety for vehicles and pedestrians by reducing "Conflict Points"
- Improves community access to Sargent Road
- Blends with neighborhood setting
- Provides sidewalks
- Reduces the number and severity of accidents
- Does not meet state & federal standards for traffic signal & stop sign

PROJECT LOCATION

TRAFFIC AND PEDESTRIANS

- 30 - 40% reduction in pedestrian-vehicular crashes compared to traditional intersection
- Slower vehicle speeds (under 30 mph)
- Pedestrians cross one lane of traffic at a time
