FOR IMMEDIATE RELEASE
JOHNS CREEK, GA (August 6, 2019)

JOHNS CREEK CRAWL – Saturday, August 24, 2019

Autrey Mill Nature Preserve, The City of Johns Creek, and Fulton County Water Resources Partner

On Aug. 24, join Autrey Mill Nature Preserve for a City of Johns Creek initiative as they clean up our City's namesake- the Johns Creek. Homeowners along the creek are encouraged to venture into their backyards to help with the project. Debris and litter collected may be brought to Autrey Mill Nature Preserve where we will properly dispose of the waste.

Join Autrey Mill and Fulton County Water Resources down at the Old Alabama Johns Creek overpass where we will dip our toes, survey for fish, gather litter, and learn the process for Adopt-A-Stream Bacterial Monitoring. Afterward, the Fulton County Department of Public Works will take participants on a tour of the Tom Lowe Atlanta Fulton Water Treatment Facility. The tour is restricted to the first 20 participants and requires a minimum of 10. Tour participants must be over the age of 7 and wear closed-toe shoes.

- 9:30 am Breakfast and Introductions at Autrey Mill
- 10 am Adopt-a- Stream Bacterial Sampling Demonstration at Johns Creek
- 10:30 am Creek Clean-Up- Gather and Talk Safety
- 12 pm Transport trash back to Autrey Mill and Break for Lunch (sack lunch)
- 12:45 pm Lowe Water Treatment Tour

For more information about Autrey Mill, visit autreymill.org or call 678-366-3511.

Autrey Mill Nature Preserve & Heritage Center is a non-profit, 501(c)3 charity, established in 1988.

Mission: *To create a destination and educational resource that inspires exploration, appreciation, and preservation of the natural environment and local history.*
